

## Radio Meter Insight

While the pandemic continues to impact our daily lives, AM/FM Radio continues to be integral to Canadians, whether they tune in for music, entertainment or local news every week.

Fall 2021 arrived under similar circumstances to last year, however this season students were back to school, Canada hit the polls for a Federal Election, professional sports were back in full swing, and Radio saw a lift in out-of-home tuning.

In comparison to Fall 2020, RADIO listening (based on AMA) is stable for 12+ and indexing at 97 for A25-54 in Fall 2021.

### AM/FM Radio reaches **87% OF CANADIANS** A25-54 across PPM markets
